Bayne Premium Lift Systems Celebrates 12 Years with No Lost-Time Accidents

Greenville, SC. (February 29, 2012) — Bayne Premium Lift Systems recently reached a remarkable safety milestone — 12 years with no lost-time accidents.

“Our entire team contributed to this important safety achievement,” commented Carmen Smothers, Bayne Sales and Marketing Manager. “We have implemented processes to enhance employee safety and have received enthusiastic support. To have a 12-year span with no lost-time accidents is a testament to our employees, their exemplary work practices, and their commitment to working responsibly every day.”

Pat Carroll, president of Environmental Solutions Group, which includes Bayne Premium Lift Systems, agrees. “Safety is our number one strategic priority at ESG and Bayne’s outstanding achievement in this area is an example of how diligent we are about reaching our goals. We are extremely proud of the Bayne team and are using their success as a model for achieving this level of employee safety in all our facilities.”

Bayne is based in Greenville, SC where it maintains a modern manufacturing facility and sales office.

*Bayne Premium Lift Systems is the leading manufacturer of cart tippers and carry cans in the waste industry. Best known for their exclusive Thinline® lift with rack and pinion actuator, Bayne also produces lift systems for industrial use, including compactor and baler loading systems. Bayne is part of Environmental Solutions Group.
