

TaskmasterTM Series

Mobile Refuse Cart Lifter

The **Taskmaster** cylinder lift from *Bayne Premium Lift Systems* was designed for the hauler who is looking for an economical, quality-built cart lifter. In addition to collection vehicles, the Taskmaster can be mounted on a stationary frame or compactor to offer a safety conscious solution for a wide variety of material handling applications.

- Compatible with standard domestic style 2-bar roll-out carts
- The Thinline[®] design works in conjunction with most commercial container latch kits
- Break-away feature to minimize damage when properly mounted
- Solid hook drive mechanism automatically secures the cart to the lift plate during the dump cycle
- Welded cylinder with replaceable seals
- Will not interfere with packer blade
- Self-lubricating composite bearings at all pivot points eliminate the need for greasing
- Powder-coated finish for durability
- 1-Year Limited Warranty

Premium Lift Systems

Precision, Quality and...Patented Engineering!
